**COLLEGE APPLICATION PROCESS** - Seniors are reminded that they should be in the process of completing school applications. **Students should meet with their guidance counselor as soon as possible but no later than Friday, December 15 if they would like college application materials transmitted before the holiday vacation.** Students who are filing the college application electronically should remember to provide their guidance counselor with a transcript request form in order for the official transcript to be sent.

**FAFSA** – The Free Application for Federal Student Aid must be completed by all students and parents who may be interested in receiving any form of financial aid for higher education. The federal government strongly urges all applicants to file electronically. At present, the 2018-2019 form is available online. Students and their parents should plan on preparing to file this form as soon as possible. Go to [www.fafsa.ed.gov](http://www.fafsa.ed.gov) for information on completing the FAFSA.

**FINANCIAL AID PROFILE** - Approximately 750 colleges in the country require students and parents to complete the Profile in addition to the FAFSA if they are applying for financial aid. In the Profile Registration Guide, parents and students will find the list of colleges that require the Profile. Additionally, reading through the Registration Guide will allow you to find out about the Profile process. The Profile application **must** be completed online - [www.collegeboard.org](http://www.collegeboard.org).

**FAFSA PIN** - Students/parents who are filing the FAFSA, it is most important for students/parents to apply for a PIN now - [www.fsaaid.ed.gov](http://www.fsaaid.ed.gov). This allows students and parents to sign their FAFSA electronically, access their processed FAFSA to review and, if necessary, correct answers, reapply for financial aid in the future, as well as access a number of other financial aid web sites.

**SIX - DIGIT FEDERAL SCHOOL (COLLEGE) CODES** - (to be entered on the FAFSA or on the FAFSA on the Web Worksheet) can be found at [www.fafsa.ed.gov](http://www.fafsa.ed.gov).

**FINANCIAL AID ESTIMATOR TOOL - FAFSA4CASTER**

The FAFSA4caster provides students with an early estimate of their eligibility for federal student financial assistance. Students considering furthering their education beyond high school can use this FREE tool to: calculate their eligibility for federal financial aid, including grants as well as reduce the time it will take to complete the Free Application for Federal Student Aid (FAFSA). To access FAFSA4caster visit [www.StudentAid.ed.gov](http://www.StudentAid.ed.gov).

**www.mefacounselor.org** - A resource designed specifically for Massachusetts parents of high school students to access credible online information about applying for financial aid and paying for college. The web links available through [www.mefa.org](http://www.mefa.org) serves as a "one stop" site that will assist families in applying for federal, state and college financial aid; explore eligibility and search for thousands of private scholarships; calculate financial need; apply for low cost educational loans; and learn about interest-free tuition plans.

**REMINDER** – Senior dues were due Oct 24. See Mrs. Ferris in the Social Studies office if you have not done so.

**REMINDER! RELEASE OF INFORMATION** - No information can be released to colleges, employers or the military without a signed form. If you have not returned your form to guidance, you must do so as soon as possible.

**SELECTIVE SERVICE REGISTRATION** - All 18 year old men have a legal obligation to register with Selective Service within 30 days of their 18th birthday. Not registering with Selective Service can seriously affect eligibility for financial aid for post secondary education, government jobs, job training, and in most states, even getting a driver's license. So please make sure that you register with Selective Service. Go on-line at [www.sss.gov](http://www.sss.gov) or visit your local post office and pick up a Selective Service registration card. Either way, registration is quick and easy. And, it's the law! In addition, Selective Service NOW accepts early submission of registration information by 17 year old men. Students can submit information to Selective Service at age 17 years and 3 months old and be automatically registered when they turn 18.

**THINKING OF BCC?** On January 25, representatives from the Bristol Community College admissions office will visit Somerset Berkley Regional High School to receive applications from our students. They will accept the application and a student's transcript and provide students with a temporary acceptance letter at the conclusion of their meeting. It is hoped that by doing this, students will not have to wait so long to hear about their status with BCC and be able to schedule things such as testing and course selection in a more efficient fashion. Students are advised that if they are looking to apply to any of the more competitive programs such as a health science or culinary arts programs, they should plan on applying as soon as possible. If you have any questions about this please see your counselor.
