GUIDANCE DEPARTMENT

HEALTH RECORDS FOR COLLEGE BOUND SENIORS: Seniors will be given their health records by the school nurse at graduation rehearsal. Seniors are advised to maintain a copy of their immunization records for future reference. In particular, students who are college-bound are reminded to check their college/vocational school requirements regarding health records. Students who did not receive their record at rehearsal must pick up their health/immunization records in the Health Office before the end of the school year. Only copies of immunization records will be retained by the Health Office for 10 years. During the summer, a copy can be obtained from the Town Nurse's Office. She may be reached at 508-646-2807.

MEDICATIONS - All seniors are reminded to retrieve any medications that are being stored in the health office before your last day of school. This includes inhalers and epi-pens. Any medication not picked up will be discarded.

MENINGITIS VACCINE – Please be aware that some workplaces and most colleges where students will be living in a dormitory setting will require a meningitis vaccine.

FINAL TRANSCRIPTS - Colleges will be asking that a final transcript be sent to them at the end of the school year. The guidance staff will forward the transcript to the college or university you indicated on the Summary of Acceptance form that you will complete on May 10. Students are asked to update their Naviance account with the college they will be attending. If your school choice should change, notify the guidance office directly @ 508-324-3119 as soon as possible.

Seniors are reminded to resolve any obligations (i.e. library books, senior dues, transcript fees, community service, etc.) to be able to participate in senior activities.
