Guidance Department

POST-SECONDARY SCHOOL APPLICATION PROCESS - Seniors are reminded that they should be in the process of developing post secondary plans and completing school applications. As you work on college applications you should keep your counselor apprised as to the schools you are applying to and the deadlines for those schools. Reminder: a fee of \$1.00 (per transcript) is required to be submitted by a student to the guidance office staff for the processing of an official high school transcript. **Remember, you must use Naviance to request letters/transcripts as well.** Counselors strongly advise students should provide notice for colleges as soon as possible, but no later than mid-December (December 14th) for transcripts and recommendations that are to be submitted before the holiday vacation. Given that students are personally responsible for mailing/submitting applications, payment, essays and test scores, you must remain mindful of deadlines.

SAT REMINDER !! - If you were planning to take the December 3 SAT Reasoning Test or SAT Subject Tests, please note that the regular **registration deadline is November 3. Late registration is available until November 22 (online).** Register online at www.collegeboard.org.

RELEASE OF INFORMATION FORM: In homeroom, each student received a release form. The release form gives guidance counselors permission to send a student's official high school transcript to college admissions offices, military recruiters and/or employers. If a student is under 18 at the time that they sign the release form, a parent/guardian must also sign the release form. It is the student's responsibility to return the form, with the appropriate signature(s), to the guidance department as soon as possible. If permission is not granted in writing, a copy of the student's **official high school record cannot be forwarded** to the above parties. This can cause significant delays regarding the application process for college admissions, military recruitment and /or employment. To date many seniors **have not returned** the release form to the guidance office. Seniors should return the release form immediately. **Make this a priority!**

SOMERSET BERKLEY FINANCIAL AID NIGHT - A financial aid workshop will be held at **Somerset Berkley Regional High School on November 2.** The program will begin promptly at **6:30 p.m. in the Somerset Berkley Regional High School Performing Arts Center.** A representative from the Massachusetts Education Finance Authority (MEFA) will conduct the workshop. The financial aid process will be discussed in detail along with a line by line review of the two financial aid forms - **FAFSA** (Free Application for Federal Student Aid) and the **Financial Aid Profile.**

FAFSA – **The Free Application for Federal Student Aid** was available effective October 1, 2016. **The FAFSA must** be completed if you are applying for financial aid. Students and parents should plan to file online at www.fafsa.ed.gov. A link to the FAFSA website can be found in Naviance or the Guidance section of the high school website.

FAFSA PIN – As you begin to complete the FAFSA, you will be required to enter a Federal Student Aid PIN. Students/parents can apply for a PIN now at www.pin.ed.gov.

FINANCIAL AID PROFILE - Approximately 750 colleges in the country require students and parents to complete the Profile in addition to the FAFSA if they are applying for financial aid. In the Profile Registration Guide, parents and students will find the list of colleges that require the Profile. If you have to file the Profile, you must register and file online www.collegeboard.org. Click on "CSS/Financial Aid PROFILE" on the bottom of the home page.

TIPS ON COMPLETING THE FINANCIAL AID FORMS - The FAFSA (Free Application for Federal Student Aid) and the customized Financial Aid Profile have different college codes and separate instructions. The FAFSA has six digit college codes (codes may be obtained online); the customized Profile has four digit college codes (which are in the CSS code list in the Profile Registration Guide). Students and parents having to complete **both the FAFSA and customized Profile should complete the forms at approximately the same time**. The student should report his or her full name, social security number, and date of birth correctly on both the FAFSA and customized Profile. **When completing the FAFSA online, please download a copy of the completed form for future reference. The FAFSA application should be submitted as soon as possible. Remember, many times early application means early financial aid application as well.**

LINGO OF FINANCIAL AID - In the land of financial aid, knowing the native dialect is half the battle. Here's a glimpse of the language you can expect to encounter:

- **SAR (Student Aid Report):** A report summarizing financial and other information reported on the FAFSA, sent to a student by the federal government. The student's financial aid need or eligibility is indicated by the Expected Family Contribution (EFC), which is printed on the document.
- **EFC (Expected Family Contribution):** Amount a family is expected to contribute to a student's education, based on family earnings, net assets, savings, size of the family and number of students in college. This amount will appear on the Student Aid Report (SAR) that the student receives from the federal government.
- **Budget:** The total cost of attending a post-secondary institution for one academic year. The student's budget usually includes tuition, fees, room, board, books, supplies, travel and personal expenses.
- **Financial Need:** The difference between the cost of attendance at a college (budget) and the Expected Family Contribution (EFC); also known as financial aid eligibility.
- **Award Letter:** An official document issued by a financial aid office listing all financial aid scholarships, grants, loans and/or work-study awarded to the student.
- **Financial Aid Package:** The total amount of financial aid (federal and nonfederal) such as scholarships, grants, loans and/or work study for which a student is eligible. The package is disclosed in the award letter sent to students from the schools they are admitted to.

An informative financial aid web site is - www.studentaid.ed.gov. This web site provides details about the entire financial aid process, from considering which college to attend, to applying for aid, to repaying loans, etc.
