PARENT TEACHER CONFERENCE SIGN-UPS DECEMBER 2, 2020

Parent teacher conferences will be held on Wednesday, December 2, 2020 from 7:40 a.m.-11:20 a.m. and also from 5:00 p.m.-8:00 p.m. As in previous years, all conferences will be 7-minute meetings. However, this year, they will be virtual meetings and a pdf document will be shared with all families with the links to these meetings before we break for Thanksgiving.

December 2nd will be an asynchronous day of learning for students. This means that they will not sign on for class meetings with their teachers but will have assignments/ expectations for each of their class periods that day and must log into Google Classroom to obtain the expectations for the day and also for attendance purposes.

To sign up for Parent Teacher Conferences, please click the following link:

<https://signup.com/go/kBKdVAC>

Once you click the link, find each teacher that you would like to meet with on that day and schedule individual appointments with each person. If you would like a conference, but there are no available slots, please email your child's teacher to make other arrangements to discuss progress. All teacher emails are last name first initial@ sbregional.org (ex.

SOCIAL GATHERING CONCERNS

In recent weeks, it has come to our attention that some students/families are congregating at large gatherings outside of the school day with no masks or social distancing. While we cannot and do not enforce rules at events that occur at private residences, outside of the school day hours, the school district position is that we, respectfully, request students and families refrain from such activities, as we want to continue in the hybrid model and not have to revert back to a remote learning environment. Extracurricular activities are slowly returning to our students and we want to do everything possible to not have to take steps backwards with regards to them, as well as our hybrid model. We are all in this together and appreciate everyone's help and support.

CAMERAS ON

Students are expected to have their cameras on during class. This is for many reasons, some of which include student engagement, check-ins for understanding, as well as to check in on the health and safety of all students. If a teacher asks that a student's camera be turned on, it is expected that the student complies. If there is an issue as to why this cannot occur (technology, or otherwise), please email the teacher to let them know of the situation before it becomes an issue. Teachers will make accommodations and amend this policy if a student reaches out to him/her before an issue arises. We thank all students for their cooperation with this.

CHROMEBOOK ISSUES

While we still await the freshmen Chromebooks (we are still being told they will be here in December), all sophomores, juniors and seniors have Chromebooks. If your Chromebook is not in working order (camera, microphone, keyboard, etc.), please reach out to the main office and we can schedule a date to have your Chromebook fixed while you wait. You can reach us at 508-324-3115 or by emailing greenh@sblogical.org
