

To: All Somerset Berkley Regional High School Seniors

From: Mr. Aguiar, Principal of Somerset Community School

Cooking is an essential skill to have before you leave for college, especially for those of you who are planning on living there. That's why the Somerset Community School is proud to be offering a culinary arts program, an opportunity you have not yet had! We would like to help you develop these crucial skills before you leave for school. The culinary arts program will be run by Chef Ossa. This program will run on Thursday afternoons for five weeks from 3:30 p.m. until 5:00 p.m. beginning on January 17th. There is a small fee of \$25 to compensate for the food costs of these classes. This averages to only \$5 per class!

The culinary arts program will cover the basics of cooking from appetizers to desserts. At the end of each class session you will be able to sample all the dishes you have created. Space is limited to twelve students. To reserve a spot in this course please stop by the Community School Office after school in Room 140, email aguiarw@sbregional.org, or call 508-324-3146.
